---

At weCHC, we're more than a workplace — we're a purpose-driven team passionate about creating healthier communities. Our work supports a diverse population, often with complex and unique needs, and we meet this challenge with compassion, innovation, and commitment. Whether you're looking to grow your career or take the next step in a meaningful role, weCHC offers the opportunity to contribute to something bigger, alongside colleagues who value collaboration, inclusion, and belonging.

## What We Offer

- A dynamic and supportive work environment
- A comprehensive employment package supporting your health and wellbeing, which may include the following based on employment status:
  - Professional development opportunities
  - Wellness and Personal days
  - Employee Assistance Program
  - HOOPP (Healthcare of Ontario Pension Plan).

## CORE RESPONSIBILITIES OF THE POSITION

The primary focus of the Nurse Practitioner is to conduct assessments and work with the inter-professional team to provide care and treatment of health conditions. As a key member of the team, the Nurse Practitioner will:

- Perform assessment, diagnosis and treatment, health education/counselling and other clinical activities according to the College of Nurses of Ontario standards of practice for Registered Nurses in the Extended Class (NPs) as well as the Medical Directives of the weCHC
- Participate in active outreach in the region/community to assist client's access to primary health care and serve as a connection to community physicians/inpatient services in hospitals
- Work collaboratively with consulting physician and the health care team to provide optimal care
- Provide clinic assessments addressing the physical and emotional needs of clients with multiple co-morbid conditions
- Contribute to chart documentation as per college standards, participate in chart reviews and case conferences
- Make referrals to support client needs and goals
- Initiate the development, implementation, monitoring and evaluation of treatment, education, counselling and health promotion programs and services as appropriate
- Implement appropriate strategies by working with the inter-professional team using a client centered approach
- Actively participate in the teaching/learning process with clients, families, students and team members about best practice and evidence-based care
- Perform other duties that support the mission and vision of the organization and/or as assigned based on position responsibilities and/or site requirements.

# JOB POSTING
